## BIG MONEY MINDSET

Print this page to write your answers down here, or use a journal to record your progress. This is the beginning of your million dollar business journey, so take your time and answer each question thoughtfully to achieve the best results and mindset shift.

What is your most important reason for wanting to grow a big business?

How much revenue do you want to generate in your business this year?

How much personal income do you want to generate this year?

How would your actions change if you multiplied your goals by 10?

How would your life be different if you achieved your big money goal?

What would it cost you if you didn't?

What negative thoughts will come to mind when you start thinking 10 times bigger?

What are 10 positive messages can you write down and read to yourself when negative thoughts come to mind?

Who would be a great accountability partner to help you maintain your big money mindset when your motivation is low?

#### :: ACTION STEPS ::

Write your positive messages on 4 notecards and place one by your bed to read when you wake up, in your wallet, on your desk, in your car (because you never know when you'll need a little reinforcement).

Find an accountability partner in your network or in the accelerate! Facebook group, and agree to have a weekly call to hold each other accountably on week-by-week commitments, and move both of your businesses forward faster!
